SEIU Local 49 McKenzie Willamette Medical Center:

Our Union contract is a negotiated agreement that provides specific rights and protections on the job that nonunion workers do not enjoy. In addition, our Union contract guarantees our pay, benefits, and other working conditions.

This year many things have changed in the Eugene/Springfield area most notably the ground breaking win at Sacred Heart Medical Center. This was the largest hospital Union election in Oregon in decades. Although it may not make immediate sense to you as to why this is important the truth is when we stand together we win. The standards in health care and in our community rise when we collectively act together through contract negotiations, building steward structures, and helping to pass laws that impact things such as safe staffing. This year we also saw the remaining Techs join our Union as they realized the difference a Union makes in their work and their compensation. We are happy to have them with us as brothers and sisters.

Highlights in our new contract are:

- A three year contract that helps to promote stability
- Selective increases for the lowest paid job classes
- As much as 14.25% over the life of the contract for these lowest paying job classes
- An extra step, Step 15 for those who have spent twenty years or more at MWMC
- We held on to our overtime rights

There is always more work to do but we can be proud of where we have come since the last time we negotiated with management. We are beginning to build a steward structure, appointing the right people to the nurse staffing committee, and holding management accountable for our contract. We need to remain active in our communities, engage elected leaders around legislation that affects us, and organize more of our non-union co-workers to join us in building a stronger Union and a better McKenzie Willamette Medical Center for ourselves, our patients, and our families.

In Solidarity,

Your 2016 Elected Bargaining Team

## AGREEMENT

This Agreement shall become effective on August 1, 2016 and shall remain in effect until 11:59 pm on July 31st, 2019, and from year to year thereafter; provided, however, that either party upon no less than ninety (90) calendar days written notice to the other part, prior to July 31, 2019 or July 31st of any subsequent year, may notify the other party of its desire to amend or terminate this Agreement upon the expiration of its current term. If such notice to amend or terminate is timely served, negotiations shall commence between the parties within fifteen (15) days after receipt thereof. Request to amend shall be submitted with the notification

### WITNESSETH TO:

That the parties hereto have agreed as follows:

#### ARTICLE 1 - PURPOSE OF AGREEMENT

It is the intent and purpose of the parties to set forth in this Agreement, rates of pay, hours of work and conditions of employment to be observed between the parties. A listing of these positions can be found in Appendix \_\_\_\_\_. Nothing in this Agreement shall prevent the Hospital from continuing the long-standing practice of utilizing non-bargaining unit personnel in bargaining unit work unless it would cause a bargaining unit employee to lose regularly scheduled hours of work.

#### ARTICLE 2 - DISCRIMINATION/CONFIDENTIALITY

1. Discrimination - The Hospital and the Union agree that each will fully comply with applicable laws, regulations, and hospital policies regarding discrimination and will not discriminate against any employee or applicant for employment because of such person's race, religion, color, national origin, sex, sexual orientation, age, or disability. There shall be no distinction between the wages paid men and the wages paid women for the performance of comparable quantity and quality of work on the same or similar jobs.
2. Confidentiality - MWMC and its employees are in possession of and have access to a broad variety of confidential, sensitive and proprietary information, the inappropriate release of which could be injurious to individuals, MWMC business partners and MWMC itself. Every MWMC employee has an obligation to actively protect and safeguard confidential, sensitive and proprietary information in a manner designed to prevent the unauthorized disclosure and use of that information and in accordance with all applicable federal and state laws and regulations.

#### ARTICLE 3 - JOINT OBLIGATIONS

1. The Hospital's obligations as a health care facility are recognized. Nothing in the Agreement is intended to limit the Hospital in determinations of matters pertaining to patient care or equipment and processes to be used for the efficient utilization of human resources so long as appropriate wage rates are paid.

2. During the term of this Agreement, the Hospital, its employees and the Union, agree to work in concert toward the common objective of finding and implementing ways of reducing the acceleration of increases in the costs of health care services to members of the community.
3. Employee /Management Cooperation–Communication Committee - The Employer and Union agree to establish a Communication Committee to provide both management representatives and employees an opportunity to discuss issues of mutual concern.

Meetings shall generally be held at least quarterly unless mutually agreed to by the parties. A maximum of four (4) bargaining unit committee members will be paid up to ninety (90) minutes for attendance at scheduled meetings. A maximum of one (1) employee per department shall be in attendance at such meetings.

It is not the intent of the parties that the committee considers issues that should more appropriately be reviewed by the grievance procedure. Trends and issues that appear to lead to grievance are appropriate discussion items. The committee functions in an advisory capacity only and will not constitute Collective Bargaining. Committee recommendations will be forwarded to the appropriate parties. The hospital has sole discretion to accept Committee recommendation. An analysis of the perceived value of the committee will be ongoing.

4. Staffing - The Union and the Hospital recognize the importance of safe working conditions for employees and of adequate staffing in all departments for the provision of quality care. The issues of staffing shall be referred to the Employee/ Management Cooperation-Communication Committee. The Hospital also encourages employees to participate in their Department Staff meetings and their Unit Practice Committees.

All bargaining unit employees must maintain membership in good standing or make monthly fair share payments for the duration of the collective bargaining agreement.

Steward's Rights - A steward will be allowed thirty (30) minutes to educate new employees about the Union at all new employee orientations. Hospital will provide an annual calendar of new employee orientation dates to the Union in December of the proceeding year.

3. For the duration of this Agreement, the Hospital shall deduct from each employee's wages, initiation fees, monthly Union dues, fair share payments, and COPE deductions, as specified by the Union; provided that the employee has signed a written assignment and authorization which has been received by the Hospital. Such assignment and authorization shall be effective at the time it is signed by the employee, and it shall remain in accordance with the conditions specified on the Union authorization form. 4. The following general conditions will be applicable:
  - A. This monthly electronic transmission shall also contain a list all bargaining unit employees with name, employee identification or social security number or other mutually agreeable unique identifying number, monthly dues, fair share and COPE deduction amounts, and gross monthly wages with overtime excluded from the prior month. By December 18th of each year, the Union and the Hospital shall establish a mutually agreeable calendar for the following year with billing due dates and file transmission dates.
  
  - B. By the twenty-fifth (25th) of each month, the President of the local Union will provide the Hospital with a list of employees indicating the monthly dues and initiations fees. Except for the direct representational time, such as steps in the grievance procedure, no employee shall engage in Union business during working hours.

From time to time, issues of mutual concern will arise which may require discussions/meetings between a bargaining unit representative and a member and/or a management representative. Such discussions when practicable shall be held during regular working hours on the Employer's premises and without loss of pay to participating employees. Prior to the discussions/meetings, the bargaining unit representative needs to receive approval from the supervisor(s) of the work area(s); however, approval will not be capriciously denied.

Stewards will conduct investigation activities away from public areas and immediate work unit.

#### ARTICLE 5 - ACCESS OF UNION REPRESENTATIVES

Duly authorized representatives of the Union shall be permitted at all reasonable times to enter the Hospital for the purpose of transacting Union business and observing conditions under which employees are employed; provided, however, that no interference with the work of employees shall result and such right of entry shall at all times be subject to general rules applicable to non-employees and includes reporting to the Vice President of Human Resources or designee. The Union Representative shall pre-schedule visits to the Hospital as often as reasonably possible. When on hospital premises, the Union Representative shall wear an identification badge with name, title and picture on it.

## ARTICLE 6 - JURISDICTION BY UNION

The Union agrees that in the event of any Union jurisdictional dispute develops with respect to any work or classification of employment covered hereby, such dispute shall be settled between the Unions in accordance with the practices of the AFL-CIO without permitting the same to interfere in any way with the progress and prosecution of the work hereunder. Pending the settlement of any such dispute, the work shall continue on the same basis as it was being performed at the time the jurisdictional dispute arose.

## ARTICLE 7 - DISPUTES

In view of the importance of the operation of the Hospital's facilities to the community, the Hospital and the Union agree that there shall be no lockouts by the Hospital, and no strikes, sympathy strikes, or other interruptions of work by employees or Union during the term of this Agreement.

1. Just Cause - No employee who has successfully completed the probationary period shall be discharged or subject to disciplinary action without just cause. Except in situations justifying immediate discharge, it is recognized that the Hospital employs a system of progressive discipline in the counseling and constructive discipline of employees.
2. An employee desiring an appeal for disciplinary action or discharge must file a grievance with the Hospital within fourteen (14) calendar days. Any protest filed in accordance with the foregoing shall be subject to the grievance and arbitration provisions of this Agreement.
3. Removal of Disciplines - If a warning is given to an employee, a written memorandum of such interview shall be made and retained in the employee's personnel file by the employer. Negative personnel actions (warnings, reprimands, suspensions) shall be removed from the personnel file at the request of the employee if such employee has been continuously employed by the Hospital without any form of counseling or discipline for a period of eighteen (18) months or more since such negative personnel action was taken. Such disciplines will be considered for removal only if annual evaluation is 3.0 or greater.
4. At the time an employee is discharged, but in no event later than forty-eight (48) hours thereafter, he/she shall be provided with the specific reasons for the discharge from the Hospital, in writing. However, failure to meet this time limit shall not be the basis for overturning the discharge. If a department manager has overlooked the above time limit, he/she shall immediately respond to a request for the reasons in writing.

## ARTICLE 9 - GRIEVANCE PROCEDURE

1. Definition - A "grievance" shall consist of any dispute between the Union or employee and the Hospital arising out of his/her employment involving the interpretation or application of any one or more provisions of this Agreement. If a resolution cannot be met, then the union and the hospital will meet to resolve the grievance as expediently as possible.

Recognizing that many complaints and misunderstandings may be resolved short of becoming grievances, it is agreed that both the Union and the Hospital shall encourage employees and management to first discuss any complaint or misunderstanding within the employee's specific departments in keeping with the Hospital's conflict resolution policy.

2. It is agreed that, should any dispute arise between the Employer, Represented Employee or the Union as to the true interpretation or application of this Agreement. The following successive steps will be used: (Time limits set forth in the following steps may only be extended by mutual written consent of the parties hereto.)

Step 1 - Within ten (10) calendar days after the first occurrence of a situation or the employee's first knowledge of the situation, condition, or action giving rise to the alleged grievance, the employee(s) affected or the Union representative may present the grievance to his/her supervisor in writing on the appropriate form with a copy being sent to the Vice President of Human Resources. The grievance must state the employee's name and Article in question.

Step 2 - If the grievance is not satisfactorily resolved within ten (10) calendar days after presentation to the supervisor, it shall be reduced to writing and submitted to the department manager and a copy sent to Vice President of Human Resources. Such written grievance shall specify the provisions of the Agreement allegedly violated and the specific remedy requested.

Step 3 - If the grievance has not been satisfactorily resolved by the department manager within ten (10) calendar days, it shall be presented to the Vice President of Human Resources or designee. The Vice President of Human Resources or designee shall respond in writing within fourteen (14) calendar days after receipt of the grievance.

Step 4 - Within fourteen (14) calendar days after presentation at this level, the Hospital and the Union shall agree upon an arbitrator from a panel of five (5) arbitrators furnished by the Federal Mediation and Conciliation Service. The arbitrator shall render a decision as promptly as possible, and in any event, within thirty (30) calendar days from date of case presentation. The decision of the arbitrator shall be final and binding on both parties. The arbitrator shall have no power to change, alter, detract from, or add to, the provisions of this Agreement, but shall have the power only to apply and interpret the provisions of this Agreement in reaching a decision.

The arbitrator's fee and expenses shall be borne equally by both parties.

## ARTICLE 10 - UNION NOTICES

1. The Union shall be privileged to post notices of Union meetings and business outside the entrance of the cafeteria on the Hospital's bulletin board and on work unit bulletin boards. The specially designated Union bulletin board will be locked and keys will be made available for the Steward Council.
2. The Hospital agrees that, insofar as the availability of a conference room, auditorium, or other suitable meeting room does not hinder the normal operation of the Hospital, such room may be used to conduct meetings of bargaining unit employees. The Union agrees that requests for use of such meeting rooms shall first be scheduled through the Administration offices.

## ARTICLE 11 - SUB-CONTRACTING

1. Where a decision to sub-contract is made by the Hospital, and such decision is based in whole or in part on labor costs, it agrees to bargain its decision and the effects, if any, on bargaining unit members. Before sub-contracting work, the Hospital shall notify the Union at least sixty (60) days prior to such sub-contracting and, upon request, meet with the Union. In cases of sub-contracting that are not, in whole or in part based on labor costs, the Hospital will nevertheless agree to bargain over the effects of subcontracting out.
2. An employee, whose position is sub-contracted out, shall have the following rights and options:
  - A. The employee may apply for an open position at the Hospital for which the employee is qualified or may become reasonably qualified. The employee shall be given the position over other candidates whose positions were unaffected by the sub-contract. This shall be effective during the employee's employment. When the employee is selected for an open position, the employee shall not suffer a reduction of pay or benefits;
  - B. The employee may apply for tuition reimbursement in accordance with Article 34- Education, during employment and for a period of six (6) months after the employee has been involuntarily terminated due to sub-contracting;
  - C. The Hospital agrees to require the sub-contractor to give preferential treatment for an open position, during its initial hiring process, to any employee involuntary terminated due to sub-contracting; and,
  - D. If the employee is unable to exercise rights under this sub-contracting provision, the employee shall be afforded all layoff and recall rights as specified in Article 16- Seniority

- E. The Hospital agrees to discuss alternatives to involuntary job losses due to sub-contracting.

The Hospital shall make reasonable efforts to mitigate involuntary job loss through attrition and transfers.

#### ARTICLE 12 - SAVINGS CLAUSE

It is the belief of the parties hereto that all clauses and provisions of this Agreement are lawful. If, however, any portion of this Agreement is determined by the courts or the proper governmental agency to be in contravention to any state or federal law, the parties agree that the remainder of this contract shall continue in full force and effect, and to immediately jointly revise those portions which are determined invalid to conform with all applicable laws.

#### ARTICLE 13 - SUCCESSORS

Successors and Assigns - This Agreement shall be binding upon both parties, their successors or assigns. In the event of sale or transfer of the Hospital, or any part thereof, the purchaser or the transferee shall be bound by this Agreement.

#### ARTICLE 14 - MANAGEMENT RIGHTS

Except for those specific modifications to rights made by the terms of this Agreement, the Employer retains all rights to direct and control the affairs of the Hospital in all particulars, to exercise sole and exclusive discretion and take unilateral action on all matters, which shall include but not be limited to the following:

- A. The types of health care and community service provided by the Hospital.
- B. The size and location of the Hospital, the number of specific units, and changes therein.
- C. The means of providing health care services as required by state licensure, federal regulations, standards of care, the practice of the Medical Staff, and the welfare of the patients.
- D. Technological change. If the Hospital determines that changes in technology may result in lay off situations, the Union shall be given an opportunity to discuss the impact and offer alternatives.
- E. The overall organization of Hospital activities.
- F. Control of the quality of services.
- G. Acquisition, design and control of Hospital property.
- H. The safety of patients, personnel and the protection of property.

- I. Charges for services and other relationships between patients and the Administration or governing board of the Hospital.
- J. Determination that a period of emergency exists in the Hospital.
- K. The designation of supervisory employees as agents of Hospital management and the delegation of authority to them.
- L. Selection of qualified employees for hire, scheduling, promotion, demotion, laying off, transfer, discipline, and discharge for just cause. Any employee who feels that he/she has been improperly disciplined shall have the right to grieve the action taken.

## ARTICLE 15 - TYPES OF EMPLOYEES

Overtime, benefits, seniority, schedules and other contract terms shall be addressed in appropriate Articles of the contract.

1. Probationary Employees – Full-time employees shall be considered probationary employees during the first one hundred and fifty (150) calendar days of work. Part-time employees shall be considered probationary employees during the first one hundred and eighty (180) calendar days of work. Short-hour and resource employees shall be considered probationary employees during the first 520 hours of work, but not to exceed nine (9) months. During this probationary period, employees may be discharged without recourse to the grievance procedure. For the purpose of this Article, employees on a four and two (4 and 2) schedule are considered full-time employees.
2. Regular Employees - A Regular Employee is one who is regularly employed to work a predetermined work schedule of twenty (20) or more hours per workweek. An employee designated as a Regular Employee shall accumulate and receive all fringe benefits as provided in this Agreement when he/she becomes, and so long as he/she remains a Regular Employee.

Types of Regular Employees:

- A. Full-Time - A regular Full-time employee is one who is regularly employed to work a predetermined work schedule of thirty-six to forty (36-40) hours per week.
  - B. Part-Time - A regular Part-time employee is one who is regularly employed to work a predetermined work schedule of twenty to thirty-five (20-35) hours per week. For certain positions patterns of days may vary each month on the basis of unit or department need.
3. Any Employee who changes to a status that disqualifies them from receiving benefits shall continue to maintain past accumulated sick leave benefits, vested pension benefits, and accrued earned leave benefits to be used per hospital policy and at the discretion of the employee.

4. Short-Hour - A Short-Hour Employee is one who is regularly scheduled to work a predetermined work schedule of less than twenty (20) hours per workweek.
5. Temporary - A Temporary Employee is one who is hired as an interim replacement, or for temporary work on a predetermined work schedule, which does not extend beyond three (3) calendar months. This time period may be extended by mutual agreement by the parties on a case-by-case basis by no more than three (3) additional months.
6. Resource - A Resource Employee is one who is employed to work on an intermittent basis without a predetermined work schedule. Resource staff are required as a condition of continuing employment to agree to be scheduled a minimum of six (6) shifts per month, two (2) of which shall be weekend shifts, where there is a staffing need for their department. Individual departments may adjust the minimum requirements to four (4) shifts per month if a specific skill is needed.

Step one in the scheduling process is that resource staff submits availability to work shifts in a given month. Step two is the Hospital establishes the monthly schedule for resource staff. Step three is the Hospital fills any holes in the monthly schedule in the inverse order of seniority in chronological order. Holes in the schedule in the following months shall continue to be filled based upon the inverse order of seniority until the seniority list is exhausted at which point the process is repeated. Employees may switch shifts with other employees with Hospital approval. Seniority for the purpose of this article is defined as job class seniority within the resource pool of the department.

Resource staff will be scheduled to work Thanksgiving, Christmas and New Year's Day on a rotating basis.

For Nursing Services, the six (6) minimal requirement shifts must be scheduled between the sixteenth (16th) and the twentieth (20th) of the prior month for the next month's schedule.

The Hospital will not be arbitrary or capricious when assigning shifts to resource staff and will make reasonable efforts to accommodate education and family obligations.

- A. A Resource employee who averages twenty four (24) hours or more per week over a four (4) month period of time may exercise the option to request to be reclassified as a regular benefited employee at the lowest benefited FTE worked in any payroll period during the four (4) month period.

The following hours are not eligible in the calculation of time worked for reclassification purposes:

1. Hours worked during the employee's probationary period
2. Hours worked under a temporary status of any type
3. Hours worked while covering a regular employee's approved sick leave or leave of absence

4. Hours worked covering planned or unplanned absences such as illness and vacation
5. The first twenty one (21) days of coverage for any vacated position in that four (4) month period.
6. In-service education hours; or,
7. Hours voluntarily traded or added by the request of either another employee or resource employee

Requests for reclassification must be made in writing to Human Resources. Human Resources will periodically (no more frequently than quarterly) review the employees continued hours worked. If at any time the employee drops down to less than 24 hours/week average in the reviewed quarter, the employee will be notified and reclassified to a resource status with no less than thirty (30) days' notice and will have to qualify again for benefits.

7. Utilization of Short-Hour or Resource Employees - The Hospital shall not utilize Short-Hour or Resource Employees in numbers greater than necessary to maintain adequate staffing levels during periods of high patient census and for relief of Regular Employees for reasons such as vacation and illness relief, and accommodating Regular Employees' work schedules.
8. Resource, Short-Hour and Temporary Employee Differential - In lieu of eligibility for benefits, Short-Hour, Temporary, and Resource Employees shall receive a wage differential of ten percent (10%) of the rate provided for in Appendix A. In no event will there be any duplication of the differential payment and accumulation of rights to fringe benefits.

#### ARTICLE 16 - SENIORITY

1. Job Class Seniority shall be defined by date of hire within the employee's given job classification, and then hospital-wide seniority shall be defined by date of hire at the hospital. Seniority may be adjusted by Article 33 - Leave of Absence. Bargaining unit employees who are promoted to supervisory positions will maintain their previously accrued seniority but will not accrue additional seniority while in an unrepresented position. Seniority may only be used to bid on open positions. Except as otherwise provided, the principle of seniority shall govern for regular employees in the transfer, promotion, layoff, and recall of employees within the bargaining unit. Seniority shall be lost for the following reasons:
  - A. Discharge for just cause.
  - B. Voluntary resignation.
  - C. Layoff for a continued period of more than one (1) year. Layoff for a continued period of more than two (2) years providing employee is able to perform the work with orientation but without retraining. Failure to return to work after layoff within fourteen (14) calendar days when properly notified by the Employer by certified letter to the employee's last address. It shall be the employee's responsibility to keep current addresses on record with the Employer.

D. Absence in excess of one (1) year, except for industrial illness or mandatory military leave or otherwise provided by law.

2. Transfers/Promotions - Employees shall not be eligible for transfer from one position to another position for six (6) months from employment or transfer date unless approved by the employee's current department manager. This includes moving from one schedule to another in the same department for the same position. Vacancies in classifications covered by this Agreement shall be posted on appropriate bulletin boards and Intranet for seven (7) calendar days. Such vacancy announcement shall contain the qualifications for the job. Employees shall be entitled to submit requests for such jobs during the seven (7) calendar day period. Employees shall also be entitled to submit for other jobs, which may subsequently become vacant. The Hospital shall keep such requests on file for six (6) months and shall provide such information to supervisors in departments where such vacancies occur. An employee who has applied for and been granted a position shall be scheduled and transferred completely to this new position within forty-five (45) calendar days from such notification of acceptance.

In the cases of job bidding, if and when bargaining unit applicants are qualified to perform the work required, the principle of seniority shall be defined in order of job classification by date of hire within the classification, and then seniority hospital-wide. Except as defined below:

In departments where positions have been created or titles have been changed due to a change in reporting structures, additional skills, requirements or certifications, employees shall maintain department wide seniority for the purposes of Transfers/promotions or reorganizations and layoffs, so long as they are qualified to do the different job with no additional orientation or training beyond that given to a new hire. (As an example, an RRT shall maintain department seniority for a time as a CRT as the duties remain the same and there was a change in requirements for registration some time ago.)

Qualified bargaining unit employees shall be hired over outside applicants provided that the bargaining unit member has neither a final warning issued in the previous twelve (12) months from the date of application nor a written warning in the previous six (6) months from date of application.

Where two (2) or more qualified employees have submitted a request for the same job or shift, seniority shall prevail, provided that no bargaining unit member who is applying has neither a final warning issued in the previous twelve (12) months from date of application nor a written warning issued in the previous six (6) months from the date of application making them ineligible for transfer.

Where two (2) or more qualified employees have submitted a request for the same job or shift, seniority shall prevail providing, in the judgment of the Hospital, merit and ability are approximately equal. The Hospital shall not be arbitrary or capricious in the exercise of this judgment.

The Hospital shall respond to all employee applicants within ten (10) calendar days of the closing date of the job posting. A successful bidder shall be transferred to their new position within thirty (30) calendar days from the date of offer or the date needed.

For the purposes of job bidding the job classifications of Monitor Tech and Unit Secretary will be considered one (1).

3. Transfer Trial Period - A successful bidder will be given up to thirty-one (31) calendar days as a trial period to determine if he/she wishes to remain on the job, and the Hospital will have the same period to determine if he/she is capable to perform. Employees may be removed during the trial period. If the employee voluntarily gives up the job or is removed by the Hospital for inability to perform in the new position prior to the thirty-first (31st) day, he/she will be returned to his/her former classification and job without any loss of seniority. A written explanation will be provided to the employee, upon request by the employee. In such cases, the next senior qualified bidder will be given a trial period on the job.
4. Daily Staffing Adjustments - When a reduction in staff is necessary, such reduction shall take place by classification, department and shift, taking into consideration the ability to perform necessary duties: First, employees working above their master schedules receiving premium pay, then on the basis of volunteers; Then, by non-regular employees in the following order: (1) Temporary (2) Resource (3) Short-Hour; then by the least senior person scheduled to work. Variations from the foregoing, with the exception of employees working at premium pay, shall be permitted if the employer or employee so requests and a majority of affected employees by department, unit or shift, vote in favor of a method of reducing hours that is acceptable to the employer. The Union will be called in to conduct the vote if employees so request.

In Nursing Service, Certified Nurse's Assistants and Unit Secretaries shall be maintained on a unit master schedule by classification and shift seniority.

- A. (C.N.A's only) When a need is anticipated later in the shift, a C.N.A. may be placed on standby for the first portion of their shift and told to report at a specified time for the remainder of the shift. The employee being asked to go on standby will be guaranteed at least four hours of their shift and if called in call back pay will be paid for the greater of two hours or from the time the employee reports to work until the adjusted start time. Employees may only be placed on standby for the first portion of their shift twice during a two week period. Daily staffing adjustment language in regards to who is put on standby shall follow the formula listed in Article 4.

5. In Nursing Services except for Unit Secretaries

Prior to Start of Shift - If a reduction in staff is necessary people will be cancelled or placed on standby in the following order:

- Employees who would be reporting to work at premium pay, by inverse order of seniority
- Volunteers/OIP/OSIP
- Resource Staff
- Those scheduled into a unit not their home unit (except float)
- Those scheduled above their regular master (\*) by percentage
- Those scheduled in their master work schedule by highest percentage

During Shift - If someone needs to be sent home early it is determined as follows:

- Employees working above their master schedule, by inverse order of seniority
- Volunteers
- Resource
- Those floated into a unit other than their home unit by seniority (except float)
- Those scheduled above their regular master (\*) by seniority
- Those scheduled on the unit being affected, scheduled in the master work schedule by seniority

#### 6. Procedure for Percent (%) System

PCC's/Charge Nurses Will:

- Oversee that percentages (%'s) are being calculated appropriately
- Calculate percent (%) for those who are absent
- Let staffing know pertinent percentages (%'s) for the on-coming shift
- Discrepancies will be dealt with appropriately

Employee Will:

- Calculate their percentage (%) when working
- Notify PCC/Charge RN if a discrepancy in the percent (%) is noted

#### 7. Percent (%) Calculation Method

Add shifts that are regular master schedule shifts on the “hours scheduled” line. The hours scheduled reflects your regular master schedule. Enter actual hours worked that shift on “hours worked” line.

At The Start of the Shift:

- Hours worked (numerator) is always the ending percentage (%) from the last day of the previous month
- Hours scheduled (denominator) is always entered as one hundred (100)

When granted an OIP/OSIP or cancelled/SB'd these hours lost are included in the calculation and percentage (%) will go DOWN.

- Record the last hours worked total in the hours worked space for that shift
- Add the hours scheduled for that day in the hours scheduled space

Any other scheduled absences from usual work (vacation, LOA, request off days, In Service days, days that were extra (\*) shifts or unscheduled absences (sick, FE, etc.) are NOT used in the calculation. For these situations, the percentage (%) is frozen and carried to the next regular scheduled day. Extra shifts picked up above their regular master \*'d and are NOT figured in. Do not put numbers in either space. This included substitutions days (days picked up for someone else). Exchange or swapped days are considered regular scheduled hours because they result in the same number of hours as their regular master schedule.

If percentages (%'s) are not available for some reason or if they are tied, seniority shall determine who works.

A staff person who is cancelled or placed on standby in error shall be remedied as evidenced by the lower percentage (%).

#### 8. Classification for Float Unit Staff

Float Unit is a separate unit with its own percent (%) system. Float Unit Staff do not displace those on other units who are working their regular master but do work before someone scheduled for an extra (\*) shift. Float unit staff work before someone from another unit who could float.

When standby could be given either to a Float Unit person or someone on another unit, the Float Unit person will be put on SB and the other person will work. When sent home early, Float Unit people compare their seniority with the other people working that unit/shift.

#### 9. Floating

All CNA's will rotate turns floating out of their home unit by date last floated. When floated out, record this in the space to the side of the percent (%) sheet. Float date is working one (1) or more hours off of your home unit.

The Unit Secretary/Aide and Certified Nursing Assistant positions shall be one classification for the purposes of seniority; said classification will be called Nursing.

Operating room Aides are excluded from this process.

#### 10. Environmental Services

When reduction in staff is needed during a work shift, it will occur by seniority. Team leaders are excluded from this process.

11. A Regular Employee shall have the option to restore hours lost in a pay period as a result of daily/shift workforce reduction by notifying the department manager/supervisor that he/she is available to fill any unmet staffing need that does not result in overtime. Such Regular Employee shall, by seniority, on a first come first served basis be scheduled and granted work for that unfilled shift ahead of a Short Hour, Temporary or Resource Employee.
12. Layoff/Recall - Long Term Reduction In Staff (31 Days Or More) - A long term reduction in workforce which is expected to exceed thirty-one (31) days or more will occur in inverse order of bargaining unit seniority among the employee(s) within the affected classifications\*, provided that the remaining employee(s) within the classification have the qualifications and experience to perform the work to be done as determined by the Hospital, according to the following order:
  - A. Volunteers
  - B. Resources Employees
  - C. Probationary Part-Time/Full-Time Employees
  - D. Regular Part-Time/Full-Time Employees

Regular full-time/part-time employees affected by the long-term reduction in work force using their bargaining unit seniority may:

- A. Fill an open position in their current classification, or any other open position, providing the employee has the qualifications and experience to perform the work.
- B. Bump the least senior bargaining unit employee in the same classification on the same shift then on any shift providing the employee has the qualifications and experience to perform in the position.
- C. Replace another employee in a position within another classification providing such otherwise laid off employee has more seniority in the other classification than the junior employee and providing the laid off employee has experience in the other classification within the past twelve (12) months. The employee must be able to perform the essential functions of the position without training, excluding orientation.

Recall - Prior to recalling laid off employees, current employees within the department will be eligible to bid on the open positions. Thereafter, laid off employees shall be recalled to their bargaining unit classification in the inverse order of layoff.

When employment is offered by verbal or written notice to an employee who has been laid off, the employee will be given forty-eight (48) hours from receipt of notice to respond and be available to work within fourteen (14) calendar days of receipt of notice or shall forfeit all recall rights. Once recalled and working, a laid off employee shall retain super-seniority right of return to his/her shift of origin for up to six (6) months.

Employees shall lose all seniority and the employment relationship shall be severed upon expiration of one (1) year, or by the refusal of a laid off employee to accept a bona fide offer of employment. Employees who are recalled will maintain their seniority minus days spent in layoff status and will be eligible for benefits pursuant to the terms of the contract and hospital policy.

It shall be the responsibility of the laid off employee to keep the hospital's Human Resources Department advised of his/her current mailing address and telephone number.

\*For purposes of the Layoff-Recall section of this Article the following job classifications shall be considered one:

13. Restoration of Lost Hours - By seniority, Regular Employees shall have the right to restore lost hours by working unscheduled hours (unless overtime would occur) ahead of Short-Hour, Resource, and Temporary employees. By seniority, Short-Hour employees shall have the right to restore lost hours by working unscheduled hours (unless overtime would occur) ahead of Resource and Temporary employees. Such Regular and Short-Hour employees must notify their department of specific days and shifts they wish to restore by exercising their right in this paragraph. The remedy for omissions and errors in administering this paragraph shall be prospective by providing preferential treatment regardless of seniority for hours until an inequity is corrected.

The provisions of this section shall apply for the purpose of maintaining regularly scheduled hours to the extent possible.

The Hospital reserves the right to disqualify any employee who repeatedly fails on two (2) or more occasions within ninety (90) days to be available for days and shifts that they previously offered to be available to work.

For the purposes of this section, Full-Time Employees will be deemed to have agreed to a change of schedule as referred to in Article 20(7) – Hours of Employment and Overtime and, therefore, time and one-half (1 ½) shall not apply on a scheduled day off.

14. Restructure - If the Hospital wishes to undertake a departmental reorganization it will provide the Union with no less than thirty (30) days notice and an explanation. At the Union's request, the parties will meet and discuss the decision and the departmental reorganization. When a department is reorganized, any new positions and positions with changed schedules shall be posted in their entirety including the classification, schedule,

and hours. Affected employees shall then, in seniority order, choose their positions. The positions shall be posted at least seven (7) calendar days prior to the employees choosing their new positions. The parties agree that whenever a layoff or reduction of shifts occurs, Article 16.12 shall be followed. Nothing in this paragraph waives any right an employee may otherwise be entitled to elsewhere in this Agreement.

#### ARTICLE 17 - JOB DESCRIPTIONS

The Employer and the Union recognize the importance of maintaining job descriptions that reflect the various skills; qualifications, duties and responsibilities associated with the job titles. Such skills, qualifications, duties and responsibilities shall be used as the basis for determining an employee's appropriate job title and related wage rate. Copies of the descriptions shall be given to the Union upon request. The wage rates of any job in which duties and responsibilities have been materially changed shall be negotiated with the Union. The Union shall be notified of all new and/or revisions of any job descriptions.

#### ARTICLE 18 - WORK LOAD DISTRIBUTION

1. When an employee is absent for any reason and a replacement cannot be obtained, it is the intention of the Hospital to distribute his/her workload equitably among the employees in the work unit so that no undue hardship shall fall on any individual. It is further the intention of the Hospital to distribute workloads equitably among employees in both single work units and departments, and to maintain a large enough call in list so that a normal rate of absenteeism shall not impose an undue burden of extra work upon Regular Employees.
2. When the training of another person prevents an employee from completing tasks within a required time frame during their shift, the department supervisor will provide or arrange for needed assistance or relief to complete such tasks.

#### ARTICLE 19 - POSTING SCHEDULES

1. Schedule Posting Date - Schedules of starting times and quitting times, and day off of Regular Employees, will be posted by the fifteenth (15th), except \*nursing service will be posted by the twenty-second (22nd) in advance of the month, subject to emergency situations, and as much advance notice of overtime requirements will be given as permitted by operational circumstances. Employees are responsible for checking their monthly schedules once posted.
2. Emergency - An "emergency" for the purpose of the above paragraph is a situation in which the Hospital is obligated without advance planning to change schedules with less than twenty-four (24) hours notice. In cases of emergencies, work schedules may be adjusted, provided the employees are given reasonable notice of the change in their schedule and the Union is promptly notified by the Hospital of the reason for the change. In making changes, however, the Hospital shall give consideration to any prior commitments of the employees. It is the employee's responsibility to keep the Hospital informed of his/her telephone number or how else he/she may be reached.

3. Employee Requests For Vacation or Other Time Off - In order for supervisors to post schedules by the fifteenth (15th) day of each month (twenty-second [22nd] for nursing service), employee requests for vacation or other time off shall be presented in writing on the prescribed form prior to the first (1st) day of the month in advance. All nursing services requests for earned leave need to be submitted in writing by the first (1st) of the month in advance.
4. The employee will be responsible to retain a copy of the submitted request. Supervisors will return a copy of the processed request.
5. Vacant Shift Sign-Up (“Holes”) for Nursing Services:
  - A. Regular and Short-Hour Employees - Regular and Short-Hour employees may sign up for vacant shifts (“holes”) for which they are qualified through the tenth (10th) of the month limited to their home units. The employee first requesting available shifts shall be granted these shifts; however, employees shall be limited to requesting and/or being granted two (2) shifts per month from the fifth (5th) through the tenth (10th) of the month. Employees may request and/or be granted an unlimited number of additional available shifts from the tenth (10th) to the fifteenth (15th) of the month.

Employees desiring to fill available shifts (holes) on other nursing units for which they are qualified shall note the requested dates and shift availability of the appropriate posted whole sheets by the fifteenth (15th) of the prior month. These shifts shall be equally distributed among all qualified employees requesting to be scheduled. Such changes and additions shall be finalized upon the posting of the schedule.

The hospital has the right, by seniority, to fill any “hole” in the schedule, whether pre-planned or unexpected at regular time prior to being obligated to fill the shift with an employee that would either be working overtime that shift or if that shift would result in overtime later in the week or pay period.

- B. Resource Employees - Resource employees may then sign up for remaining vacant shifts (“holes”) for which they are qualified between the sixteenth (16th) and the twentieth (20th) of the month. It is the Resource employee’s responsibility to schedule their required minimum number of shifts by no later than the twentieth (20th) of the preceding month. Such changes and additions shall be finalized upon the posting of the schedule.

\*For the purpose of this article nursing services will be described as ICU, CVU, ACM, SCU, ED, WHBC, Float and Resource.

## ARTICLE 20 - HOURS OF EMPLOYMENT AND OVERTIME

1. The Hospital has the right to establish any seven (7) days as workweek. The workweek is currently 12:01 am Sunday to midnight Saturday. "Payroll Day" as referred to in this Article shall mean and consist of the twenty-four (24) hour period beginning at the time the employee commences work. Basic workday shall be eight (8) hours, excluding lunch. In the application of the following provisions the hospital will adhere to all State and Federal overtime laws.
2. Employees shall be paid at the rate of one and one-half (1 ½) times the straight time hourly rate, including shift differential, for all hours of work performed in excess of eight (8) hours in any one payroll day, and for hours worked in excess of forty (40) in a work week. Hours in excess of eight (8) in a payroll day that results from a change of shift starting time requested by the employee shall not be considered overtime.
3. Change of shift initiated by the Hospital shall provide twelve (12) hours of off duty time between shifts or the payment of time and one-half (1 ½) for all hours worked on that shift.
4. The Hospital shall exercise its efforts in good faith, subject to the requirements of efficient operations, to provide as many full time employees as possible in this section with work schedules of thirty-six (36) to forty (40) hours per week followed by two (2) consecutive days of rest.
5. The Hospital at its discretion and with the consent of the affected employee may permanently increase or decrease the scheduled hours per week of an established regular or short hour position by no more than one eight (8) hour shift per week. This alteration of position shall not occur more than one time per year. The change of the position shall not constitute a vacancy under this section.

In the interest of maintaining mutually satisfactory work schedules, employees or employee and Union representatives may confer with department managers from time to time to explore mutually satisfactory improvements in work schedules. However, it is understood and agreed that the final right to establish work schedules rests exclusively with the Hospital.

6. Overtime will be paid for work in excess of five (5) days in a row, up to a maximum of five (5) days at Premium rate of time and one-half (1 ½). Self-scheduled voluntary in-services and/or staff meetings shall not be considered time worked under this provision. Four (4) hours worked constitutes a day worked. Full-time employees requested to work on a regularly scheduled day off shall be paid at the rate of one and one-half (1 ½) times their regular rate of pay for work performed on such days, except where there is a change of schedule agreed upon between the Hospital and the employee, or the employee requested to work the day off.
7. Where various overtime calculations might apply, the Hospital shall apply the method that provides the highest payment not to exceed the maximum of five (5) days in a row.

Nothing herein limits payment of daily overtime worked in excess of eight (8) hours within any given workday. It is understood that time and one-half (1 ½) on a sixth (6th) consecutive day shall not apply in cases of ongoing regular schedules within a department or shift when the sixth (6th) consecutive day occurs as a feature of such ongoing schedule.

8. There shall be no duplication or pyramiding of overtime pay under this or any other provision of this Agreement. Overtime provisions provided in this Agreement, which are beyond the requirements of the federal and state governments, shall not apply during times of declared emergencies or disasters.
9. It is the Hospital's intent to provide new employees with orientation that is adequate and that will vary in length based upon the needs of the job.
10. When an employee has been called back to work during the eight (8) hour period immediately preceding a scheduled shift, the Hospital will provide a requested rest period and/or adjusted work schedule whenever possible.

No wage deduction shall be made for such rest periods and the Hospital shall authorize and encourage all employees to leave the immediate work area insofar as practicable.
2. A thirty (30) minute meal break shall be allowed. The intent of the parties is to allow employees an uninterrupted meal period. If an employee is called back to work during their meal for an emergency, that employee will be allowed his/her meal period at another time during that shift. If this is not possible, the employee will be paid at a rate of time and one-half (1 ½) of the applicable rate for the time worked in excess of one (1) hour past the middle of the shift without a meal period until a meal period is obtained, providing that the supervisor or house coordinator is notified at least forty-five (45) minutes prior to the completion of one (1) hour past the middle of the shift and a supervisor or house coordinator signs the Kronos exception form prior to the completion of the pay period. One (1) hour past the middle of the shift shall be five (5) hours for eight (8) hour shifts, six (6) hours for ten (10) hour shifts and seven (7) hours for twelve (12) hour shifts. Upon mutual agreement between the employee and the supervisor, this provision may be extended up to two (2) hours past the middle of the shift. This provision shall not apply to the Operating Room and the Cardio Vascular Operating Room. At the end of his/her shift, an OR/CVOR employee will document when he/she

was unable to take his/her meal period and shall receive premium pay for that time. A meal period will not be required for employees who work four (4) hours or less.

#### ARTICLE 22 - PAY DAY

3. If there are significant new duties assigned to a specific job classification during the life of the Agreement, such changes will be reviewed by the Hospital to determine whether the job should be reclassified. If a change in classification is indicated, the parties will meet and confer over the proposed change. If a new position is established, the Hospital will negotiate the wage rate for this position with the Union.
4. When hiring a new employee and assigning a wage rate, the wage rates of existing employees will be taken into consideration.

All accrued days in excess of this limit shall be paid directly to the employee or upon request shall be deposited in the employee's extended illness bank.

Cash Out - An employee may elect to cash out up to eighty (80) hours of their projected calendar year accrual of earned leave at one hundred percent (100%), subject to the following terms and conditions:

Requests For Unscheduled Earned Leave - (absences initiated on a day the employee is scheduled to work) should be made only for employee illness or injury, or an emergency situation beyond the employee's control. Employee making such request may be

required to provide proof of inability to report to work. Provision of a doctor's note may be taken into account in the application of the attendance policy. Such request should be made as soon as the employee becomes aware of the problem or at least two (2) hours before the shift starts, if possible. Employees are cautioned to use this form of Earned Leave in strict conformance with these guidelines, as improper use of unscheduled Earned Leave is cause for progressive discipline including discharge. Accrued Earned Leave must be used in the above situations. It is not required that Earned Leave be used for requests granted two (2) hours prior to the start of a shift ("off if possible"). Accrued Earned Leave must be used in the above situations when an employee is in corrective action for attendance.

If this request cannot be accommodated by the Hospital all hours worked on the employee's birthday shall be paid at time and one-half (1 ½) the employees base rate of pay. Employees may routinely use Earned Leave to replace pay shortages resulting from a canceled or reduced shift of work.

Notice of Termination and Cash Out Eligibility - A minimum of fourteen (14) calendar days advance notice of termination is required to be eligible to receive pay for up to seventy-two (72) days of accrued and unused Earned Leave. Employees terminating with less than one (1) year of service and a minimum of fourteen (14) days advance notice shall be eligible to receive pay for fifty percent (50%) of accrued and unused Earned Leave. McKenzie-Willamette Medical Center (Hospital) and SEIU Local 49 (Union) hereby mutually agree that the following terms and conditions shall apply to certified surgical technologists in the CVOR:

1. **Separate Unit.** The CVOR shall be considered a separate unit from the main operating room and will maintain separate work schedules and standby schedules and seniority pools.
2. **Standby Compensation and Scheduling.** Bargaining unit members in the CVOR who are scheduled for or work more than a specified number of hours of standby in a four-week schedule cycle shall receive one and one-half (1 ½) times the rate of standby pay cited in Article 27 for standby hours in excess of the specified number of hours according to the following formula:

# of Qualified Surgical Technologists or other non-management staff Qualified and Available to Provide Call Coverage	# of Standby Hours

Standby hours will be equitably distributed among surgical technologists.

3. **Minimum Compensation Guarantee.** Surgical technologists in the CVOR shall be guaranteed compensation for eighty-five percent (85%) of his/her scheduled position hours per pay period. This guarantee includes call back hours worked, but does not include standby hours. At such time as the Hospital employs three (3) or more qualified Surgical Technologists, the Minimum Compensation Guarantee under this Section 3 shall cease.
4. **Low Census Assignment.** Surgical technologists who would have been cancelled or placed on standby may be floated to the main operating room for orientation or, if already oriented, to fulfill a documented staffing need in that department. When floated to the main operating room while remaining available to the CVOR, the surgical technologist will be released to return to the CVOR within thirty (30) minutes of being notified that their services are needed there.

## LETTER OF AGREEMENT ENDOSCOPY

McKenzie-Willamette Medical Center (Hospital) and SEIU Local 49 (Union) agree to the following terms and conditions to ensure consistency and fairness with daily staffing in the Endoscopy Unit and to provide clear directions regarding staffing before and during shift.

Endoscopy technicians will not be required to maintain a percentage for staffing purposes.

Beginning of shift cancellation/staffing adjustment:

If Endoscopy does not require both technicians (i.e., there are no cases scheduled):

- Senior tech takes a SB for ENDO and junior tech is released to house.
- If House (hospital) does not need junior tech as CNA, they are cancelled.

During the shift staffing adjustment:

If workload distribution calls for only one Endo technician (as determined by Charge Nurse), the senior Endo tech will complete the duties and the junior tech will be released to House or be sent home. This applies even if senior tech will only get one additional hour and junior gets remainder of shift.

Holidays:

An Endoscopy technician will be on call for all recognized holidays. Rotation of those holidays will be based on the previous year's holiday schedule. If an employee works on Christmas and has Thanksgiving off during one year, then they will work Thanksgiving and have Christmas off the next year.

LETTER OF AGREEMENT  
DUAL MODALITY

Dual Modality in Diagnostic Imaging- Dual Modality is defined as a Tech that is both qualified and utilized to do more than one modality. Because the hospital benefits by not being required to staff more than one employee to do multiple modalities the hospital agrees to pay dual modality. Dual modality pay of one dollar and thirty cents (\$1.30) additional per hour will be paid when the following conditions are met:

1. An employee whose primary job code is in a lower paid classification who is also required and competent to fulfill the classifications of a higher paid modality within the diagnostic imaging area.

-OR-

2. An employee is utilized and also is required and competent in two or more higher paying modalities within the diagnostic imaging area.
3. It is agreed upon that no employee in their current job after this letter of agreement will suffer any reduction in their compensation package as a result of this agreement.
4. It is not the hospital's intent to utilize dual modality in lieu of its current practice of hiring employees into higher paying modalities when positions are vacated or deemed necessary to be filled or when census is such that more than one modality is needed on a shift.

## SIDELETTER ON "FINLEY HOSPITAL" TEXT

The Parties agree that each and every compensation provision set forth in Article 23 – Wage Rates -- is intended to remain "status quo" upon and following the expiration of this Agreement (pursuant to Article 43 -- Duration of Agreement), such that the specific rate of such compensation in effect upon expiration shall remain unchanged unless and until a new collective bargaining agreement succeeding this Agreement is reached or the Parties reach a lawful impasse in negotiations toward a new collective bargaining agreement intended to succeed this Agreement.

The Parties agree that the provisions set forth in this Sideletter are specifically intended to constitute a clear and express statutory waiver by the Union of any statutory or contractual right which otherwise would inure to the benefit of the Union and/or the Employees represented by the Union for the purposes of collective bargaining who are covered by this Agreement relative to the compensation provisions of this Agreement referenced above -- Thus, the parties agree that the provisions of the Sideletter are specifically intended to negate the holding of the National Labor Relations Board in *The Finley Hospital*, 359 NLRB No .9 (September 28, 2012) and the underlying rationale of the National Labor Relations Board in *The Finley Hospital*, supra.
